What our Counselling Placements say!

Don’t just take our word for it, here is what some of our current counsellors have said when asked what they have most enjoyed about their placement:

The diverse nature of clients and issues brought; and how this has challenged me and enriched my ongoing development as a Counsellor

This placement has contributed greatly to achieving my level 4 diploma, and will now continue to help me as I begin work on my level 5.

The professional offices and staff along with the opportunities within HMN for further training and placements

When asked **100%** of current counselling placements said they would consider staying on as a Volunteer Counsellor with Hertfordshire Mind once they had completed their placement.
